How to install the SEC Navigation Bar
Only required for Touchscreen use with ChefTab® X controllers.

Use ZOOM for better picture quality

The SEC Navigation Bar is located at the bottom of the screen, as shown below, and it will help you navigate in and out of certain screens like a typical Nav Bar. The Nav Bar is normally hidden and can be accessed by swiping up from the very bottom of your touchscreen (or a mouse).

The Nav Bar will be visible for 10 seconds and then will automatically disappear so it is not permanently occupying valuable screen space. You can also swipe down on the Nav Bar to manually make it disappear.

**BEFORE PROCEEDING MAKE SURE YOU HAVE CHEFTAB VERSION 14.0.0 OR GREATER INSTALLED ON YOUR CHEFTAB® X**

SEC NAV Bar Installation Guide
